LOVED ONES
from **Malaria**

ARTESOL

α - β Arteether 150mg Injections

Small Volume - **Better Efficacy** - **Less Pain**

- Fast acting blood schizonticidal agent for P.falciparum malaria at the erythrocytic stage
- Concentrated in parasitised erythrocyte
- Inhibits protein synthesis by altering ribosomal organization & E.R
- Lesser Pain at the site of Injection

α - β Arteether (Falciwin) is very effective in rapid parasite clearance and fever resolution in patients of falciparum malaria.¹

Frequency of Dosing

The most important factor influencing compliance with antibiotic therapies

AZILEM ²⁵⁰/₅₀₀

Azithromycin 250mg / 500mg Tablets

"Studies proves once a day Azithromycin has 97% compliance rate"¹

* Highly susceptible against gram positive, gram negative & anaerobic pathogens

* Excellent penetration in various body tissues & macrophages

* Long half life of 68 hours with post antibiotic effect ensures once a day dosing

* 3 – 5 Days OD dosage schedule increases patient compliance

1. Revista Espanola de Quimioterapia 13, 297-305, 2000

Also Available

AZILEM

Azithromycin-200mg / 15ml Suspension

- Acute Bacterial Sinusitis
- Tonsillitis & Pharyngitis
- Pneumonia & Bronchitis

CEFSOL **100** **200**

Cefixime 100mg / 200mg Tablets

- **Broad spectrum of activity**
- **Drug of choice in typhoid**
- **Cefixime is more efficacious than amoxicillin in treating H. Influenzae otitis media**

Also Available

CEFSOL-50 CEFSOL-DS

Cefixime 50mg Tablets

Cefixime 50mg Dry Syrup

CEFSOL-200LB

Cefixime 200mg + Lactic Acid Bacillus 100 Million Spores Tablets

In ★ Typhoid ★ Otitis media ★ RTI & UTI ★ Acute Sinusitis

An Ultimate Power to Kill Resistant Infections

CEFSOL-AZ

Cefixime 200mg + Azithromycin 250mg Tablets

Breakthrough Combination

to eradicate the
tough Pathogens

- Potent combination of broad spectrum third generation cephalosporin, macrolide antibiotic & Probiotic
- Excellent penetration in body tissues & macrophages
- Broad spectrum of coverage with safety against diarrhoea
- Ensures satisfactory clinical results

In

- Chronic Bronchitis
- Pneumonia & Sinusitis
- Urinary Tract Infection
- Lower Respiratory Tract Infections
- Acute Otitis Media
- Skin & Soft Tissue Infections

A Breaking Answer to Tough Pathogens

Let the patients be **free** from Challenging Infections

CEFSOL-CV

Cefixime 200mg + Clavulanic Acid 125mg Tablets

- Broad spectrum of coverage against gram positive, gram negative and resistant pathogens ¹
- Excellent coverage against *Salmonella enterica*, Serovar typhi & *Salmonella enterica*, Serovar typhimurium ¹
- Excellent efficacy in the treatment of typhoid fever ²
- Well tolerated ³
- Safe treatment ²

In

- Typhoid Fever
- Sinusitis & Tonsillitis
- Urinary Tract Infection
- Pneumonia & Bronchitis
- Bone & Joint Infections
- Skin & Soft Tissue Infections

Freedom from Infection

When you have
multiple objectives

DECSOL ²⁵/₅₀

Nandrolone Decanoate 25 mg / 50 mg Injections

- The potent anabolic steroid
- Provides anti-inflammatory action & provides immediate relief
- Immuno-suppressive action helps immuno-compromised patients
- Helps in rapid bone formation
- Suppresses excessive cell growth

- In*
- ♦ Anaemia
 - ♦ Osteoporosis
 - ♦ Leukemia
 - ♦ Immuno-deficiency diseases

The Versatile Anabolic Steroid

*A complete protection
against typical movement . . .*

DEXTOR-6

Deflazacort 6 mg Tablets

- ★ Better & longer inhibition of T cell reactivity than Prednisolone ¹
- ★ Minimum adverse effects compared to Prednisolone & Methyl Prednisolone ²
- ★ Less chances of Steroid induced Osteoporosis compared to Prednisolone ²

In

Asthma

Rheumatoid Arthritis

Ulcerative Colitis

Leukemia

Various Inflammatory
Dermatological Conditions

The Best in Steroid Therapy

The Target Specific Pain Reliever

ETOSOLE-MR

Etoricoxib 60mg + Thiocolchicoside 4mg Tablets

- The specific COX-2 Inhibitor
- Known for its minimum suppression of COX-1 so no GI related adverse event
- Provides superior pain relief compared to other agents
- Once a day dose so high patient compliance

Single dose oral Etoricoxib (ETOSOLE) produces high levels of good quality pain relief after surgery. It is better than other commonly used analgesics.¹

Pain Relief at its Best

Classical Way to Nil Fungal Pathogens

ITRASOLE

Itraconazole 100mg / 200mg Capsules

NIL the Fungal Infection

- Covers Wide range of superficial fungal infections
- Well-tolerated
- High affinity for keratin and accumulates to high levels at the site of superficial fungal infections
- Provides enhanced activity against Candida species

- Candidiasis
- Tinea Pedis
- Tinea Corporis
- Onychomycosis
- Tinea Cruris
- Cryptococcus Meningitis

Safe & Useful Agent in empirical antifungal therapy

Perfect Striker against **Multiple Infections**

L-TOX-500

Levofloxacin 500 mg Tablets

- Community Acquired Pneumonia
- Nosocomial Pneumonia
- Chronic bronchitis
- Urinary Tract Infections
- Bone & Joint Infections
- Skin & Soft Tissue Infections

- Exhibits broad spectrum activity against both gram +ve, gram -ve aerobes as well as anaerobes
- Most bactericidal quinolone compare to Ofloxacin, Ciprofloxacin, Sparfloxacin
- Possesses 100% bioavailability leading to ease of administration
- Penetrates well into most body tissue & fluids

Versatile Antibiotic with Unmatched Efficacy

**Experience Comfortable
Breath... Despite the Season**

LEVOSOL-M

Levocetirizine 5 mg + Montelukast 10 mg Tablets

- * Dual mode of action ensures better relief from the symptoms
- * Better improvement in both day time & night time symptoms
- * Better improvement in quality of life of patients
- * Provides fast improvement in condition

According to Journal of Indian Medical Association

“Combining montelukast with Levocetirizine gives additional benefits in comparison with either drug alone and could be considered for patients whose quality of life is impaired by persistent allergic rhinitis”.¹

1. J Indian Med Assoc. 2009 Aug;107(8):562-4.

Amoebiasis

Dental Infections

Also Available

Ofsol-OR
Ofloxacin 50mg + Ornidazole 125mg
60ml Suspension

Ofsol-200
Ofloxacin-200 Tablet

Ensures **Fast Results**

- Synergistic action covers gram positive, gram negative, atypical, anaerobic bacteria and protozoa
- Combination ensures better MIC and antimicrobial susceptibility than single agent
- Treatment of choice in mixed infection like diarrhoea, dysentery, gastroenteritis
- Ornidazole provides better anaerobic coverage compared to other nitroimidazole combinations
- Least metallic taste of Ornidazole increases patient compliance

Combination Therapy Shows Better Results than Monotherapy¹ >>

Antibiotic Susceptibility Test and Minimum Inhibitory Concentration of fixed dose combination of Ofloxacin and Ornidazole alone for P.aeruginosa, S.Aureus, E. coli, K. pneumonia, S. epidermis

Treatment of Choice in Mixed Infection¹ >>

The data suggested that Fixed Dose Combination of Ofloxacin and Ornidazole could be a good option for use in mixed microbial infections of aerobic and anaerobic bacteria and pathogenic protozoans

PROVIDES
STRENGTH
TO FRAGILE BONES

SB-CAL

Calcium Carbonate 375mg + Magnesium 60mg + Zinc 6.7mg + Vitamin D3 200 IU Syrup

- ↔ Provides highest bioavailable calcium
- ↔ Absorption independent of gastric environment so suitable in old age patients
- ↔ Provides better results compared to conventional calcium supplements
- ↔ Found to have improved effect on bone density and reduction in fracture risk¹

The group supplemented with Calcium Citrate Maleate had increased yearly gains of bone content, area and density which represented about 1.5% of adult female values. Such increases, if held to adult skeletal maturity, could provide protection against future risk of osteoporotic fractures.²

TRY *GEL*

Magaldrate 480mg, Dimethicone 50mg, Domperidone 10mg Syrup

Magaldrate

- ◆ Is a useful antacid & helps increase gastric pH.
- ◆ Produces a significant decrease in ulcer index, total acidity & protein content (PR) & has a cytoprotective role on gastric mucosa

Dimethicone

- ◆ Acts as an anti-foaming agent and as a carminative

Domperidone

- ◆ Acts as a dopamine antagonist with anti-nausea & anti-emetic activity
- ◆ Acts on the chemoreceptor trigger zone which modulates nausea & vomiting as an anti-foaming agent and as a carminative.

Cyproheptadine

- Clinically proven and accepted nonhormonal appetite stimulant Stimulates appetite, induces weight gain
- Free from G.I. adverse effects, even delicate children tolerate better

J Pediatr Gastroenterol Nutr. 2014 Nov;59(5):674-8

Tricholine

- Enhances intestinal, pancreatic and duodenal secretion & restores digestion
- Removes fat from liver and restores proper digestion

JPBS |Volume 2| Issue 1 |JAN-MARCH |2012|1-11

Sorbitol

- Laxative, treat occasional episodes of constipation

SOL-PAIN

Diclofenac Diethylamine 1.16%w/w + Linseed Oil 3.0%w/w
+ Methyl Salicylate 10.0%w/w + Menthol 5.0%w/w
+ benzyl Alcohol 1.0%w/w.

gel

Restore the lost
**Flexibility
& Mobility**

Diclofenac Diethylamine

→ Inhibits prostaglandin synthesis that causes inflammation & pain in the body

Methyl Salicylate

→ Provides quick relief from sprain

Linseed Oil

→ Enhances the penetration of NSAID's

Menthol

→ Provides cooling effect & ensures counter irritant action

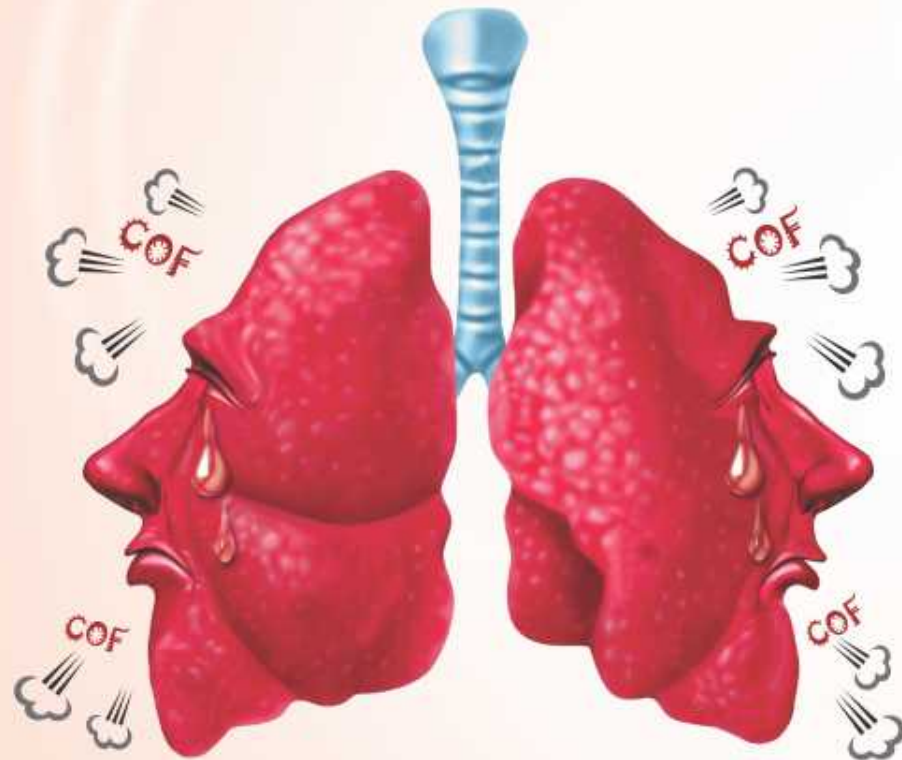

- SPRAINS & STRAINS
- ARTHRITIS
- BODY PAIN
- BACK PAIN
- SPONDYLITIS
- SPORTS INJURY

BURNING acidity...

SOPAN-DSR

Pantoprazole 40 mg + Domperidone 30 mg Capsules

- ◆ Effective & safe combination with high symptoms improvement rate
- ◆ Provides synergistic activity by decreasing acid production as well as increasing lower esophageal tone & esophageal clearance thus producing a better therapeutic response

IN

- ◆ GERD
- ◆ Dyspepsia
- ◆ Hyperacidity with Nausea
- ◆ Peptic & Duodenal Ulcer

... Long Lasting Relief

Also Available

Relief at its Best to give Productive Cough **REST**

SCADOL

Terbutaline Sulphate 1.25mg + Ambroxol HCl 15mg + Guaiphenesin 50mg Syrup

Ambroxol

- Possesses mucokinetic and secretolytic properties
- Promotes the removal of tenacious secretions in the respiratory tract and reduces mucus stasis exhibits antioxidant activity

Terbutaline

- Selective beta 2 -adrenergic agonist, predominantly stimulates beta-2 receptors, thus producing relaxation of bronchial smooth muscle

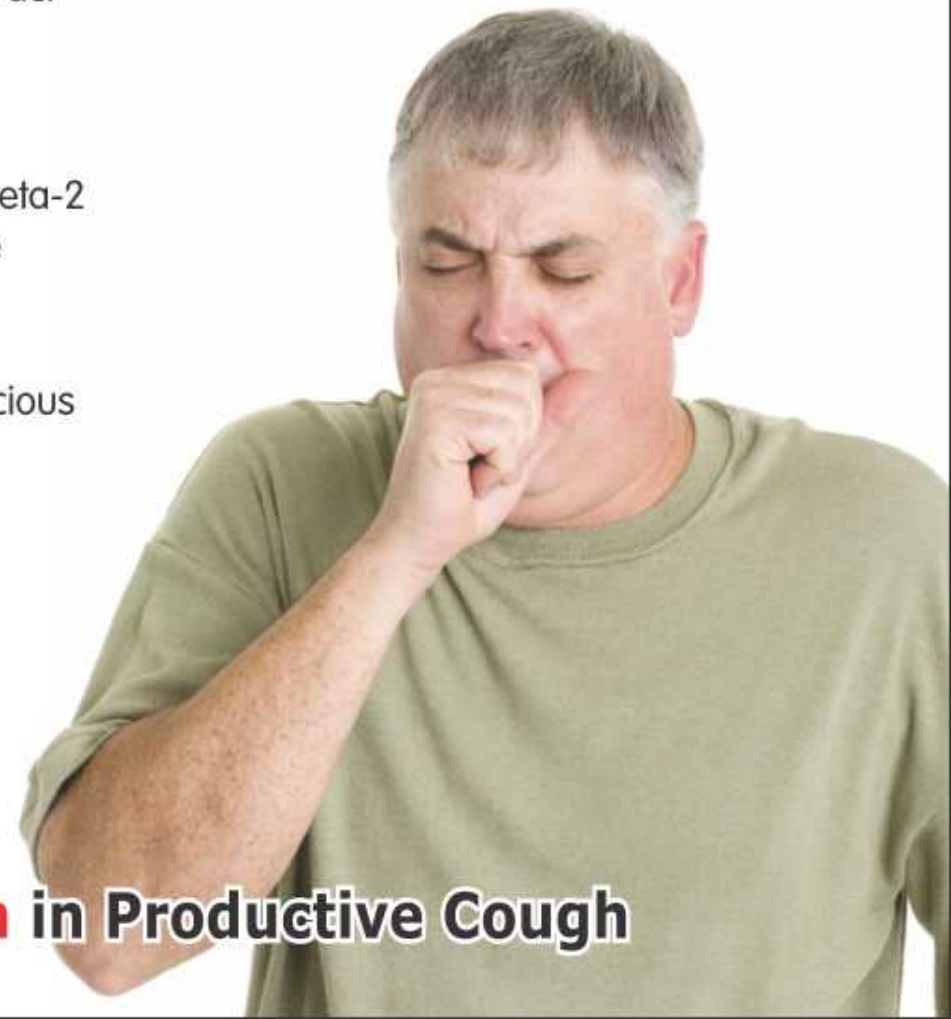

Guaiphenesin

- Increases respiratory tract fluid and reduces the viscosity of tenacious secretions and acts as an expectorant

In

- Productive Cough
- Seasonal Cough
- Cough Associated with Bronchitis
- Emphysema
- Other Bronchopulmonary Disorders

SCADOL Winning Combination in Productive Cough

WHEN THE NEED IS HIGH YOU NEED A **RELIABLE HAEMATINIC**

FERILEM-XT

Ferrous Ascorbate 100mg + Folic Acid 1.5mg + Zinc sulphate 22.5mg Tablet

- Provides highest bioavailable Iron
- Results in rapid rise in Haemoglobin
- High safety profile than other conventional iron

Zinc Advantage —————

- Offers better utilization & absorption of iron
- Plays vital role in immunity build up

In

⊗ **Pregnancy**

⊗ **Lactation**

⊗ **Anaemia**

⊗ **Menorrhagia**

POW!

PEPLIN-TZ

Piperacillin 4000mg + Tazobactam 500mg Injection

- **Broadest spectrum of activity that includes *P. aeruginosa*¹**
- **Increased potency against Enterobacteriaceae and *P. aeruginosa* compared to Ticarcillin – Clavulanate¹**
- **84.4% cure rate in complicated SSTI with diabetes²**

1. *Pharmacotherapy*. 2000 Sep;20(9 Pt 2):213S-218S

2. *Clin Infect Dis*. 2002 Jun 1;34(11):1460-8.

Piperacillin/Tazobactam is useful for the treatment of infections that are likely to be polymicrobial or in situations where organisms with plasmid-mediated b-lactamases have become problematic.³

3. *Clinical Infectious Diseases*, Vol. 22, No. 1 (Jan., 1996), pp. 107-123

Combination for Sure Shot Relief in Infections

Offer Powerful
Enzymes that Aids Digestion

RT-PLEX

Fungal Diastase (1:800) 50mg + Papsin (1:3000) 10mg Syrup

- The effective aid in digestion
- Maintains physiological processes
- Soothes & calms the stomach & digestive tract
- Supports the immune system
- Increases the utilization of protein & other nutrients for building muscle
- Increases nutritional value of foods by assuring nutrients from food are absorbed by the body
- Helps maintain healthy functioning of the intestinal tract
- Promotes normal tone in the digestive tract

• Dyspepsia • Flatulence • Bloating / Belching

RT-PLEX Assists Digestion, Regulates System

A perfect balance combination for
typical infections ...

CEFSOL-O-200

Cefixime 200mg + Ofloxacin 200mg **Tablet**

Cefixime

- Possesses excellent efficacy against a broad spectrum of pathogens including Haemophilus influenzae, Streptococcus pneumoniae & Moraxella catarrhalis
- 100% susceptibility against bacteria causing urinary tract infections
- High efficacy against penicillin and macrolide resistant strains responsible for acute lower respiratory tract infections

Ofloxacin

- One of the most potent fluoroquinolone
- Extensive penetration into tissue & fluids
- Greater penetration than ciprofloxacin in intracocular chamber

IN _____

- **Gonorrhoea**
- **Typhoid**
- **Urinary Tract Infections**
- **Complicated & Uncomplicated U.T.I.**

Target the Infections

involving **Clever Pathogens**

MEXOL-CV-625

Amoxicillin 500 mg + Potassium Clavulanate 125 mg Tablets

- *World wide the most prescribed antibiotic combination*
- *Covers gram positive, gram negative and resistant pathogens*
- *The choice of drug for various pathological conditions*
- *Known for its excellent tolerability & safety profile*
- *Offers convenient switch over therapy*

Also Available

Mexol-CV-DS

Amoxicillin 200mg+Clavulanic Acid 28.5mg Dry Syrup

In

- Typhoid & Bacterial Sinusitis
- Acute Otitis Media
- Pharyngitis & Tonsillitis
- Pneumonia & Bronchitis
- Skin & Soft Tissue Infections
- Urinary Tract Infections

Hit Hard on Clever Pathogens

For Improved weak & porous bones

SB-TROL

Calcitriol 0.25mcg + Calcium Citrate 1000mg + Zinc sulphate 7.5mg Table

Calcium Citrate Maleate

- ★ Superior bioavailability & better absorption
- ★ Clinically proven to help prevent osteoporosis
- ★ Key component of bone – protective therapeutic regimen

Calcitriol

- ★ Ensures maximum calcium absorption
- ★ Regulates the calcium metabolism and helps in bone formation

Zinc

- ★ Helps in bone mineralisation
- ★ Strengthens bone remodelling process

Indicated In

Post Menopausal Osteoporosis

Senile Osteoporosis

Hypothyroidism during Pregnancy

Hypocalcemia

Renal Osteodystrophy

Bone Fracture

Let's Get the Body **Free** from **Parasitic Infestation**

BIDDY-PLUS

Albendazole IP 200mg + Ivermectin 3mg Suspension

- Broad-spectrum coverage¹
- Useful in various intestinal worm infections²
- Most effective against parasites mixed infection³
- Very effective in strongyloidiasis, toxocariasis, hydatid disease and cysticercosis¹
- Treat mixed oesophagostomum and hookworm infestations³
- Reduces the intensity of any hookworm infestation²
- More effective than mebendazole¹

- In
- Thread Worm
 - Pin Worm
 - Whip Worm
 - Tape Worm
 - Round Worm
 - Hook Worm

- Offers speedy relief from symptoms of
- gastroesophageal reflux diseases
- Offers rapid & effective heart burn relief on day 1 of therapy
- Faster improvement in quality of life

Advantage of sustained release formulation

Activated at higher pH than other PPI's

GERD

Peptic Ulcer

Doudenal Ulcers

Zollinger-Ellison Syndrome

Greater success in Acid Reflux Disorders

Collide with Pain & Inflammation

SELNIP

Nimesulide 100 mg + Paracetamol 325 mg Tablets

- Provides reliable anti-inflammatory action
- Ensures better relief from symptoms of pain & inflammation
- Provides fast reduction in temperature & inflammation
- High safety profile ensures long term use
- Convenient BID dosing ensures high patient compliance

- In
- Pyrexia & Body pain
 - Low back pain
 - Arthritis
 - Muscular Sprain
 - Traumatic Injury
 - Spondylitis

Also Available

Mefenamic Acid 50mg +
Paracetamol 125mg Suspension

SELNIP No Pain . . . Complete Relief

Erase
Pain from Life

EXILEM-X

Aceclofenac 100mg + Paracetamol 325mg + Serratiopeptidase 15mg Tablets

- Strong Analgesic, Antipyretic & Anti-inflammatory Action
- Preferentially Selective COX-2 Inhibitor, so better safety profile
PharmInfo.net, Vol. 4, Issue 3, 2006;
- Unique NSAID – Helps in the formation of cartilage matrix
Clinical Pharmacology & Therapeutics (2003) 74, 222 - 235

Superior NSAIDs with Safety of Selective COX-2 Inhibitors

Aceclofenac is superior than other NSAIDs as it has selectivity for COX-2, a beneficial COX inhibitor, well tolerated, better GI tolerability and improved cardiovascular safety when compared to other selective COX-2 inhibitors

New Engl. J. Med., 2001; 345 : 433 - 42

Better than Diclofenac

The overall response of patients' osteoarthritis to Aceclofenac was found to be statistically superior to Diclofenac by both physician and patient

Maulana Azad Medical College and Associated Hospitals, New Delhi, India 2006, Vol. 22, No. 5

Also Available

Act **Fast** on **Oedema & Hematoma**

Socio-D

Dicfenac Pottasium BP-50mg.+Serratiopaptidase-10mg Tablet

Diclofenac Potassium

- The fast acting anti-inflammatory agent
- Provides strong action compared to other agents

Serratiopeptidase

- The Barrier Buster – Breaks the barrier of Oedema & Hematoma
- Restores blood circulation & helps in penetration of drug

In

Traumatic Injury

Post-Partum Hematomas

Dental Abscesses

Post-Operative Inflammatory Conditions

Socio-D For **Fast** Control Over **Hematoma & Oedema**

Knock out the infections

CENTOSA-500

Ciprofloxacin 500mg Tablet

- Is a second generation fluoroquinolone
- Is a broad spectrum bactericidal antibiotic targeting DNA topoisomerase IV and DNA gyrase
- Possesses good intracellular penetration.
- Is the empiric treatment of infections for which the bacterial pathogen has not been identified including urinary tract infections and abdominal infections among others

IN

- Urinary Tract Infection (UTI)
- Lower respiratory tract infection (LRTI)
- Typhoid
- Infectious diarrhea
- Skin and soft tissue infections

High action for swift recovery

Be **sure** of

ESFORT PLUS

Protein, Vitamin, Minerals, Zinc with DHA

- Provides the needed protein and amino acids
- Fills gaps in protein requirements by providing the correct amount of protein
- DHA helps in development of brain and cognitive functions
- Boosts immunity and prepares body to fight diseases
- Helps in faster recovery from diseases

IN

- Pregnancy & Lactation
- Convalescence
- General Debility
- Active disease conditions
- Fatigue

Positive result is assured

Fight skin Problem with Multi Speciality Spectrum

AXIDERM

Ofloxacin 0.75%w/w + Ornidazole 2.0%w/w + Terbinafine Hydrochloride 1.00%w/w + Clobetasol Propionate 0.05%w/w + Methylparaben (As preservative)-0.20%w/w + Propylparaben (As preservative)-0.02%w/w

- Potent corticosteroid with anti-inflammatory, antipruritic & vasoconstrictive properties
- Reduces inflammation & relieves itch & swelling of skin
- Wide spectrum antibiotic
- Clears lesions in impetigo
- Broad spectrum antifungal agent that treats fungal skin infections such as candida, ringworm

■ Eczima ■ Rash ■ Skin Infections

Helps in more ways of Skin problems
